- JavaScript
- ReactJS
- AngularJS
- NodeJS
- ExpressJS
- MongoDB
- Git
- GitHub
- C

## PROFESSIONAL EXPERIENCE

### Maars Solutions Private Limited

**Jun 2024 - Present**

#### Full Stack Developer

Developed a website and mobile app for a homeopathy clinic, featuring appointment booking, video consultations, and Razorpay integration. Integrated an ML model for symptom-based patient classification (acute/chronic), utilizing React Native, ReactJS, NodeJS, ExpressJS, and MongoDB to deliver a scalable, user-friendly solution.

### Tectzo Solutions Private Limited

**May 2024 - Jun 2024**

#### Full Stack Developer

Developed a transport management web app, utilizing React Native, ReactJS, NodeJS, ExpressJS, and MongoDB with roles for Drivers, Managers, and Customers. Facilitates vehicle rental, efficient enterprise vehicle management, and parcel servicing, streamlining the transportation process for all users. Currently in the final stage of development, ready for deployment.

### Tourism App for Coimbatore

**Aug 2023 - Apr 2024**

#### App Developer

Developed a tourism app on Android Studio, showcasing tourist spots, hotels, and restaurants in Coimbatore. Integrated location-based functionalities for a seamless experience. Led the project from design to deployment, ensuring high-quality UI/UX. Currently under copyright, reflecting innovation in development.

## EXTRACURRICULAR ACTIVITIES

### Google Developer Student Club SREC

**Aug 2023 - Aug 2024**

- Core member of the Web Development Team, collaborating with experienced seniors and contributing to key projects.
- Recognized as the Best Member of the Month (February 2024) for outstanding performance and contributions.
- Led an online "Design to Dev" workshop, demonstrating leadership and technical expertise.
